Base

Controllable Five prong aluminum Alloy, Chrome and PP Base Provides stability. Heavy duty double-wheeled castors made to withstand body weight.

Mesh Fabric

Mesh Fabric promotes air ventilation, relieving any heat that can build up after prolong sitting. User stays cool and comfortable

Tilt Lock

With a simple push to the lever, the chair can be locked at the desired angle.

Moulded Seat and back

Ergonomically shaped seat and back gives continuous support.

Synchro Mechanism

Synchro Mechanism enables the seat and back of the chair to move together but at variable angle to provide postural support in various working positions.

Height Adjustable Armrest

Multiple height adjustment optimise seated comfort and enhances arm support while using keyboard and mouse.

Height Adjustment

User friendly pneumatic mechanism enables chair height adjustment

Tension Knob

Controllable backrest tension to adjust the amount of tilt resistance for desired comfort.

**All features may vary in different models.*
